

When you get right down to the root of the meaning of the word "succeed," you find that it simply means to follow through.

F. W. Nichol

The Kingdom of Heaven is about breaking through into new things that the Father has for us; things that he has intended to be on this earth just as they exist in Heaven. There is often a breakthrough anointing in meetings and people give testimony of amazing breakthroughs, miracles and healings.

Unfortunately, there can also be a mindset developed that all you need do is to receive your breakthrough then it is all okay. Whilst receiving is very important what you do after that is equally important.

The key to breakthrough is always "follow through": that means following through on what has been imparted to you.

The Father wants to develop a company of people who know how to use the resource of perseverance from Heaven in order to keep going until they have appropriated the breakthrough.

Success is not about the size of your bank account or how many people are in your church. Success is about doing ALL that the Father has asked you to do. Success is about following through with what the Father has released into your life so that it works out into the society that we are a part of.

Remember that the key to breakthrough is ALWAYS follow through.

So let us POSITION ourselves to make a difference on this earth as it is in Heaven!
